Duluth-Superior Transportation Association News

June 2019

## President's Note

Thank you to everyone who was able to attend the FMCSA update. It was full of great information!

Please remember to renew your membership to the DSTA. So far, 107 members have renewed their membership. Thank you! Your membership to the DSTA is important to us and valuable to you. With your membership you receive reduced rates for DSTA events, no charge for the Holiday Party, and many opportunities to make great connections.

In June we have the opportunity to fill a truck and feed many families during the summer months when children are no longer receiving school lunch. Friends and family of any DSTA member can help us out on obtaining our goal of \$10,000 and 15 pallets of food. Please sign up today! Even though the corporate deadline for sponsorship has passed, we would still love to have more volunteers. In July we will be showing off our golfing skills or lack thereof at Nemadji in Superior. August brings us aboard the Vista on the beautiful Duluth/Superior Harbor for an evening with music, food, and amazing scenery if there is enough interest. The fall will bring us opportunities to improve ourselves and learn more about the transportation industry.

Come and join us because together we can do more!

Gina Schneider, DSTA President

## May Meeting Recap

Co-chaired by Scott Franzen and Carl Svendsen

Our May meeting at UW Superior was attended by approximately 33 members and guests. Our guest speaker was Matthew Marrin. Matt is the Minnesota Division Administrator for the FMCSA. Matt updated us on FMCSA's recent changes and what's in the works. Matt wanted everyone to know what to expect from FMCSA which included open communication with all carriers regardless of size, technical competency, and problem solving skills to help carriers understand how to comply with federal regulations, and to assure excellent service during carrier interactions free of harassment and discrimination. Matt mentioned that FMCSA's mission and highest priority is safety by reducing crashes, injuries, and fatalities. FMCSA's strategic plan to accomplish this includes three core principals: 1) Raising the safety bar to enter the motor carrier industry 2) Requiring motor carriers and drivers to comply with rigorous safety standards and 3) Removing high risk motor carriers and unsafe companies, drivers, and vehicles from the road. Matt also updated us on regulatory updates including entry level driver training, drug and alcohol clearinghouses, national registry II, compliance investigations, diabetic waivers, and a host of other updates. All these updates triggered many questions from the audience. Matt could have talked for another couple of hours, time permitting. It was discussed afterwards that we should try and have an annual FMCSA update.
